*Welcomes*

Rob Hughes,

Chairman of the British Microlight Association

& Tim Hardy,

Chairman of the Light Aircraft Association

Saturday 12.00 to 13.00

LAA/BMAA Merger Q & A

Both Associations have a long and successful history and have many things in common. Recent discussions on working more closely together have led to considerations for a merger into one, larger and more effective organisation.

Tim and Rob are seeking the views of their respective members on such an amalgamation and members are invited to listen to the reasoning behind a possible merger, and to engage in a Question & Answer session to put their own views.
